

FEDERAL BOARD OF INTERMEDIATE AND SECONDARY EDUCATION

H-8/4, ISLAMABAD

NO.1-10/FBISE/RES/1730

27 September 2021

Subject: REFORMS IN EXAMINATION SYSTEM

You may appreciate that examinations are considered to be an integral part of education system. These are administered both at schools and colleges levels and their results are used for various purposes e.g. grading, certification and guidance etc. Most often these examinations become a source of criticism from various sections of the society due to lack of their effectiveness and substance. Therefore, examinations are considered one of the major factors for deterioration of education system.

2. In order to ponder over the situation and bringing more reliability and credibility in the examination system, FBISE held meetings with all its stakeholders. In the light of outcome of these meetings, it has been decided to revamp the basic tool of examination i.e. question paper and making it curriculum and SLOs based rather than textbook based. As a first step this change is being made in nine major subjects e.g. English Compulsory, Urdu Compulsory, Islamiyat, Pakistan Studies, Biology, Chemistry, Physics, Computer Science and Mathematics at SSC and HSSC levels. Thus, the students shall not be restricted to one book rather they shall have the liberty to prepare from any book in consonance with the curriculum contents.

3. Revised Model Question Papers so prepared by the Committees of Courses along with guidelines in the above mentioned subjects are forwarded herewith for guidance of the students and teachers both.

4. All the stakeholders are therefore informed that annual examinations 2022 shall be held in accordance with these model question papers and guidelines.

5. It is reiterated that there shall be one question paper based on current curriculum for all categories of students.
